

January 13, 2009

I just want to commend Tawan on the fantastic presentation he provided to my 9th grade AVID students. His no-nonsense approach and practical advice about college, making good choices and setting goals was highly effective. Tawan speaks from the heart and has overcome personal struggles that my students can relate to easily. His inspirational words are truly motivating. I highly recommend Tawan as guest speaker for any high school student wishing to attend college.

Sincerely,

[Carol E. Miller](#)
